

BEOPPLAY H9i

Premium, wireless, over-ear ANC headphones with Bang & Olufsen Signature Sound, luxurious materials and an intuitive aluminium touch interface.

Move freely and experience pure music without the noise. Beoplay H9i are B&O PLAY's flagship headphones, now upgraded with enhanced sound and voice quality, a refined design and advanced features including proximity sensor and Transparency Mode so you can tune into your surroundings.

Authentic materials like anodized aluminium, lambskin and cowhide leather give natural strength and comfort. And with up to 18 hours of playtime and an exchangeable battery, H9i lets you enjoy your music on-the-go for longer.

KEY POINTS

- Premium and luxurious headphones with an over-ear wearing style
- Wireless Bang & Olufsen Signature Sound with advanced Active Noise Cancellation and Transparency Mode
- Authentic and long-lasting materials like leather and anodized aluminium crafted with precision and attention to detail
- Intuitive aluminium touch interface gives you control of your music and calls
- Up to 18 hours of playtime with exchangeable battery option for longer journeys

YOU MIGHT WANNA KNOW

Active Noise Cancellation
Features hybrid Active Noise Cancellation (ANC) technology. Two microphones, one placed on the outside of the ear cushion and one placed on the inside, just in front of the speaker, effectively cancel out unwanted noises.
